The Eric Coverver says a very striking tilustration of the rapid prosperity of North Westers Pennsylvania is shown in the fact that six daily papers are now established in this section-two each of the counties of Eric Crewford and enango-where, five years ago, not even the weeklies received much more than a living natrousge. Two of these are printed in towns that did not have an existence at the beginning of the war, and two others in places, which at the same od were mere villages of a few hundred in

Christmas le Comise.

We are on the eve of the holidays, and the few remaining days that procede Christmas, will be days of busy work, and active preparation. In New England, Thankegiving, and in New York, New Year's Day, are the chief holidays, and, the Wostern States, chiefly settled by New Emglanders and New Yorkers, have adopted the same quetoms. But in Penneylvania Christmas is the thief holiday, as well as the chief religious fastival of the year. Its religious observance formerly confined chiefly to Episcopallans extends to some other denominations, and its beervance as a day of feasting is universal among those of Christian falth: The coming Christman holidays bid fair to be

First. The Tarr Homestead Company have had I or pedoca exploded in the Devite and Kingsbury wells. Of three two wells one had been flowing and the other numpring nearly 12b barrels, taken tegether, but they isld decreased until beth weier yielding the 12 propose, both only at which rate they still continue.

Becond Keystans well. This well pumped at its highest point about 40 barrels per day, decreased the about 50 barrels, rat fare the explosion of the Torpedo it commenced to flow, and is now flowing from 10b therete. The Torpedo its commenced to flow, and is now howing from 10b theretes. The Torpedo instruction that the there is the pumped at high as 30 barrels, and had decreased until the Torpedo was put in, and is now pumping 40 barrels, with every indication that it will soom flow, as it is increasing both in gas and oil.

Three ather wells in the same neighberhood have AITERS RUBBERS AND SLIPPER Ciothing and Centiemen's Fur nishing Goods Department.

cation that it will sown flow, as it is increasing both in which we will be in the same neighborhood have been brought up from pumping, in the aggregate about 15 harveis, to producing over 100 harreis pur day, and the two are pumping. They will, to all appearances, teach a much higher point.

We believe there has not been a single exception as this parm where your Torpedo has not greatly bequeited the well operated upon. All have been marked unceases. Mr. Barneit state that in his well the satire expense was repealed in two days, and to believes all that have irded them have defaulty flavorable opinions. The increases, as nearly as we can tearn in the eight write mentioned above, taken tegether, is fully 105 per cost, over the highest point these wells aver resolate by resulted and the time the Torpedo was exploded in them, they derive the use of the Torpedo was exploded in the subjudge to the transfer to the forge the explosion and so after. Such results cannot fail to be satisfactory in the highest degree. Years, respectfully, market of the light.
